And What Have You

By BOB CRAIG

Hamlin voters will have two elections Saturday, one will be the Democratic Primary and the other will be for a school trustee. The school election will be in the high school building and the primary will be in the gymnasium lobby.

The school election will be simple—you just make a choice between two candidates for the one place on the board—but the primary ballot will be something else. For the first time Texas voters will be voting on presidential delegates, more or less.

As we pointed out in the column sometime back we don't understand why we can not have a simple nationwide primary like the state primary and nominate the presidential candidates. But we still have not arrived at that point with this system we will be using here in Texas.

As it stands now, the average citizen has little say in who gets nominated, and who he will get to vote for in November.

Along with the regular county, district and state offices on the Democratic ballot this year you will find presidential delegates. And this is likely to be confusing. When you go to the polls here Saturday you can choose Wallace delegates, Carter delegates, or Bentsen delegates.

You will not find listed on your ballot delegates for Sargent Shriver, Fred Harris, Henry Jackson, or Morris Udall. But some voters in Texas, including those in Abilene, will find Harris on their ballot and some will have Shriver on theirs. And a number districts will have a slate of uncommitted delegates that are not really uncommitted.

It's all rather confusing and Garth Jones, political writer for the Associated Press in Texas summed the situation up rather well in a recent article which follows:

"You can't tell the players in the May 1 presidential primary even with a program.

Lloyd Bentsen, Sargent Shriver and Fred Harris have national Democratic convention delegates on many Texas ballots but the three no longer have national campaigns.

Two prominent nationwide campaigners, Henry Jackson and Morris Udall, are not even on the Texas ballot.

Jimmy Carter, favorite so far in the state primaries, is running a bob-tail campaign in Texas so he won't make Bentsen delegates mad. He may need them later.

George Wallace is worried because a goodly number of his supporters may sneak off and vote for Republican Ronald Reagan.

And the uncommitted Democratic delegates on the May 1 ballot are not really uncommitted. They are committed to supporting any liberal, or "progressive," Democrat who can keep the liberal faction alive and kicking in the Texas Democratic Party.

"Any electable progressive Democrat. We want a winner," says Billie Carr, Houston, outspoken Democratic National Committee member who has led the state's liberal Democratic since Sen. Ralph Yarborough was defeated by Bentsen.

"The national committee member thinks at least 19 of the 98 delegates to be elected May 1 will be liberal Democrats.

If liberals get 15 per cent of the Texas delegation to New York city in July then they should have at least one liberal on each of the national convention committees and help influence the course of the convention. "I think we've got that made already," said Friday.

A week earlier, Bentsen made an urgent appeal to a gathering of regular party Democrats to stick with the Bentsen-Gov. Dolph

Unopposed For Re-Election—

Elmer Martin Reviews His Term As State Legislator

By Rep. Elmer Martin

During the 64th Legislature, I served as a member of the House Agriculture and Livestock Committee, co-sponsored and supported several pieces of legislation in the field of agriculture.

Among these were legislation pertaining to the labeling of articles of food containing meat imported from a foreign nation and a bill providing for compensation to cattle owners whose cattle have been exposed to bovine brucellosis. During the interim, I have been appointed to serve on the Agriculture subcommittee which is studying legislation which will enable herbicides, insect control and the availability to agriculture fertilizer and fuels.

Part of our work in this subcommittee will center on finding new and improved methods to control the spread of insects which affect the cotton crops of West Texas.

The agriculture industry contributes more than \$10 billion annually to our state's economy. Texas is also one of the largest agricultural producing states in the United States. I have, and will continue to support legislation which will enable the farmer and rancher to produce more food and fiber to better care for the needs of all Americans.

I also served as Vice Chairman of the House Environmental Affairs Committee and was a member of the Pollution Subcommittee.

The Environmental Affairs Committee has jurisdiction in all matters pertaining to air pollution, water pollution, hunting and fishing, fish and oyster industries, state parks and wildlife.

The Pollution Subcommittee was instrumental in drafting the Texas Surface Mining and Reclamation Act, which provides for controlling and regulating the

exploration for and the surface mining of coal, lignite, uranium and uranium ore.

This legislation will safeguard a million acres of Texas land, and, at the same time, provide for desperately needed fuel.

During the last session, I was the author and sponsor of the House-Senate Concurrent Resolution calling for the State Parks and Wildlife Department to place a higher priority on the purchase of available land for future park sites.

I sponsored this legislation in the interest of dollar economy before continually rising land costs place a heavier expense burden on the state. I also feel that we need adequate parks for our own growing population as well as for the tourist industry that produces so many dollars for Texas business.

During the interim, I am serving on a special subcommittee which is continuing to study the problems of surface mining operations and land reclamation as applicable to Texas. This subcommittee is making tentative plans to travel to Minnesota during the sum-

mer to study the mining operations in that state and seek recommendations to present to the 65th Legislature.

During the 63rd Legislature, I was able to win the approval of an amendment to the appropriations bill to provide \$200,000 for new construction on the Rolling Plains Campus of Texas State Technical Institute.

During the 64th Legislature, I was able to help secure a \$98,000 appropriation for the reparation of eight buildings on the Sweetwater campus.

This appropriation was the highest of its kind among the four TSTI campuses for the fiscal biennium 1976-77. This appropriation will help keep technical-vocational training and education at a high level until the next legislative session.

vote for the TEXAS ticket voice of TEXAS Democrats

TEXAS has always had a powerful voice at the Democratic National Convention. It will be heard . . . loud and clear . . . again this year, if we send delegates pledged to LLOYD M. BENTSEN.

- ☒ Ray Farabee . . . delegate for LLOYD M. BENTSEN
- ☒ Marguerite (Mrs. James) Snyder . . . delegate for LLOYD M. BENTSEN
- ☒ Charles W. Stenholm . . . delegate for LLOYD M. BENTSEN

Elect these outstanding delegates for Bentsen on May 1 . . . to be sure YOUR thinking is there for the showdown in July.

Texas can't afford to send a splintered delegation to the convention in New York . . . with votes so divided that none demands the attention this great state deserves.

Early commitments to national candidates entered in the Texas Primary would lock us to a limited choice . . . seats in the back . . . making "me, too" moves dictated by people from other states.

Texas doesn't have to play second fiddle this year.

It has an opportunity to show some strength in selection of the Democratic ticket, writing the Democratic platform . . . IF WE BACK THE BENTSEN DELEGATES.

A great group led by our own U.S. Senator will speak up for Texas . . . understanding and understanding its needs . . . fighting for issues which are vitally important to this state.

The Bentsen delegates—THE TEXAS TICKET—will carry our state's banner more effectively and more forthrightly than the delegates of anyone else.

Vote the Texas ticket . . . delegates for Bentsen . . . for Texas.

the gospel truth

by Bro. Marshall Townsley

"My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them and make them healthy and strong. The words of the Lord are perfect, restoring the soul: the testimony of the Lord is sure, making wise the simple. The statutes of the Lord are right, rejoicing the heart: the commandment of the Lord is pure, enlightening the eyes. More to be desired are they than gold, yea, than much fine gold: sweeter also than honey and the honeycomb.

For in the beginning was the Word, and the Word was with God and the Word was God. And the Word was made flesh and dwelt among us, and we beheld his glory, the glory as of the only begotten of the Father, full of grace and truth.

But be ye doers of the Word, and not hearers only, deceiving your own selves; make him a living vital part of your daily living. The man who is a doer and obeys is blessed in this life. Not everyone that saith unto me

Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will or words of my Father which is in heaven. Therefore, whosoever heareth these sayings of mine, and doeth them, I will liken him unto a wise man, which built his house upon a rock; and it will never fall for it was founded upon a rock."

These words are not mine originally. But I have taken them and allowed them to live in my heart. You see, I'm a believer. There is no option involved in believing God's Word. To reject and not commit myself to His Word is to deny the lordship of Jesus over some area in my being; for they are one in the same. I love and respect Him; therefore I love His Word. If you are a new creature in Christ and refuse to act in accordance with his Word then you make yourself a hypocrite because you're not acting true to your new nature. THINK ABOUT IT! THE GOSPEL TRUTH RT. 1 BOX 1 HAMLIN, TEXAS WE WILL MEET AT 1150 S. CENTRAL THIS WEEK COME WORSHIP WITH US!

Will Rogers Says...

"Say, what's this May Day thing? We used to look on it as a beautiful spring day when we had a picnic and fastened ribbons to the top of poles and danced around and sang and played. We had no mass production (only in children). We had no Federal Reserve or Farm Relief. Everybody was just poor and ignorant enough to be happy.

"But now, May Day with all our modern accomplishments, is for the dissatisfied. He arises early so he can denounce longer, prints an obituary notice on a banner of everybody that has tried to make him earn his living during the year, and he just has one of the best times of his life.

FROM THE FILES . . .

FIFTY YEARS AGO
(April 30, 1926)

Probably the most interesting and most exciting baseball game of the season, will be played on our own diamond, Thursday, April 29, Friday, April 30, and Saturday, May 1st—Wichita Falls vs. Hamlin High.

Tuesday night the Opera House was crowded almost to capacity with people to see the Junior Class High School play, "Clarence." This was a four act comedy and might be termed a mystery play, as that was what it turned out to be. Clarence was the mystery.

To say that this play was good, hardly says enough, to say it was as good as the best ever played here is a bit stronger, but not strong enough.

This play was coached by Miss Loftus, teacher of Mathematics of the High School. Characters of the play were played by Ray Holt, J. B. Adkins Jr., Louise Ferguson, Miss Edwina Gilbert, Miss Faye Tims, Miss Elva Greenway, Henry Albritton, Virgil Davis and Clarence Johnson.

Here is just a hint to everybody, that the Union Tabernacle is getting in a good plight to be a complete loss. Yes, it is also dangerous. But some will say, "let her fall, we don't need it." But Hamlin needs the old tabernacle, just as long as she has no other place to assemble a big crowd. The Union Tabernacle belongs to four churches in Hamlin and it has served long and well. True it has never been painted, and its true the seats are used for everything and get in bad shape. But till we get something better, it is folly to allow this old structure to fall to pieces.

For the present session the personnel of the Hamlin School Board has been as follows:

H. E. Wall, President; Mrs. T. E. Harden, Vice-President; Mrs. E. M. Wilson, Secretary; George G. Hall, R. S. Johnson, Oscar Owen and Dr. J. F. Taylor.

The Board for the coming session is composed of the following: George G. Hall, (Hold-over) President; E. W. Adkins, member-elect, Vice-Pres.; J. H. Wood, member-elect, Secretary; M. C. Wilson, member-elect; Elmer Feagan, appointed; R. S. Johnson, hold-over.

TWENTY YEARS AGO
(April 26, 1956)

City of Hamlin offices were due to be moved into the newly acquired city hall at the corner of Southeast Fourth Street and Central Avenue this week.

Work of remodeling the former bank building has been underway for several weeks under the direction of John L. Lea, city engineer. The city has agreed to purchase the structure from the bank following completion of the remodeling.

Offices will be housed in the front portion of the building, where a two-tone green color combination is featured on the walls and counters.

Mrs. H. M. Barrow, city secretary, and Mrs. Dorothy Hargrove, clerk, selected the color scheme.

DePriest Colored School of Hamlin was awarded the first place literary events trophy at the state Interscholastic League meet held Saturday at Prairie View College. In taking the award, DePriest won over 32 other schools of Texas.

Special chapter awards were presented to Steve Reynolds and Boyce Blankinship as climax to the annual parent-and-son banquet of the Hamlin chapter of Future Farmers of America last Thursday evening at the primary school cafetorium.

D. C. Carr was named the most valuable basketball player of DePriest Colored School at the annual athletic banquet of the school staged last Thursday evening.

Shirley Ann Jones was named the most valuable player on the girls team.

TEN YEARS AGO
(April 28, 1966)

The Varsity girls' basketball teams received awards at a dinner Thursday

evening at Lavender's Cafeteria, Abilene. Seniors girls receiving green blankets were Judy Jenkins, Donna Compton, Glenda Hudspeth and Kay Hodnett.

Awards were presented by Coach Dan Truelove.

Girls receiving jackets were Pauline Lakey, Margaret Cooper, Pauline Womack, Gillis Paige, Rhea Sue Vaughan, Linda Bailey, Jane Hymer and Estell Willis. Geneva Ward received a manager's jacket and Sally Young a score keeper's sweater. The girls presented Coach Truelove with an engraved silver dish and matching spoon.

The long awaited rain that area farmers and ranchers have been looking for finally arrived here this past week end. The rain started here Friday and continued through Monday with the official City pump station reading showing 2.77 inches.

While much of the area's wheat crop suffered heavy damage during the long dry spell, the rains are expected to save much of the crop.

Cynthia Stephens, Chapter Sweetheart of the Hamlin FFA Chapter, will compete for Sweetheart of the Stamford FFA District Monday, May 2, at Anson. Cynthia is the daughter of Mr. and Mrs. H. D. Stephens of the Neinda community.

Gary Hester, senior band member, received the John Philip Sousa Award from band director Tim Jones at the Tuesday evening spring band concert in the high school auditorium. The recipient of the award is chosen by vote of fellow band students.

Briscoe partnership that hopes to elect a majority of delegates on May 1. Bentsen warned that Mrs. Carr and her liberal faction would be representing themselves and other liberals in New York and not necessarily the Texas Democratic Party.

The 1976 delegation apparently will be split much the same way, between Bentsen, Carter, Wallace and uncommitted delegates.

Slates of "uncommitted" delegates will appear on Democratic ballots in 18 senatorial districts. In five other districts delegates who were originally pledged to Shriver before he quit the race are now considered uncommitted in the Carr group.

Most Harris delegates in the 14 districts where he filed are considered liberal Democrats. Harris is keeping his hold on them in hopes of picking up a Texas delegate or two.

The Shriver slates are in two San Antonio districts, Fort Worth, Corpus Christi and El Paso.

The 18 uncommitted slates are in five Houston districts, four Dallas districts, two Fort Worth, and in districts that include Tyler and Longview, Beaumont, Austin, Galveston, Denton, Midland and San Angelo and Lubbock.

"We've got good chances in three Houston districts," said Mrs. Carr. "We should win in Austin, Galveston, Fort Worth and Dallas and maybe others."

LEARNING
GOOD HABITS
EARLY

"Train up a child in the way he should go: and when he is old, he will not depart from it."

This statement (made by Solomon, thousands of years ago) is just as true and vital today as

it was then.

Teach your children the good practice of saving

for the future. Teach them to attend

worship services in God's house by taking

them

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Philosopher Wants Truth In Advertising Applied to All Politicians' Speeches

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One claims to be startled over something he read in the paper.

Dear editor:

I was reading along not paying much attention to what the news article was saying when I caught myself, went back up the column and read the paragraph again.

What it said was that Ron Nessen, the President's press secretary, said that Mr. Ford was shaking up his speech-writing staff but it didn't amount to much since only four of the speech-writers were affected.

I got to thinking. Only four?

How many has he got? Then I wondered some more. How many has the Vice President got? The Secretary of State? Senators? Congressman? Governors? For all I know, Mayors and maybe even grammar school principals?

In other words, in most cases, when a public official makes a speech these days he's only saying what his speech-writers wrote, and the better he can read the better it sounds. I often wondered why President Johnson allowed his writers to use the word "substantive" in his speeches as he could never get the hang of pronouncing it. I can't either.

Anyway, I got to thinking

some more. If what a politician says is what somebody else wrote for him, shouldn't the truth-in-advertising law apply? Shouldn't as he talks on television, a line move across the bottom of the screen saying This Speech Written by Goodman Ace, or whoever the writer was? If a cornflakes manufacturer is required to say on the box what the contents consist of, shouldn't a politician be required to tell who manufactured his speech? Just as a shampoo company is required to say what its goop contains, so many parts of this, so much percentage of that, shouldn't a politician, if more than one writer composed his speech, be required to reveal: 5 percent of this speech was written by Goodman Ace, 15 percent by Robert Orbin, 25 percent by John Casserly, and the rest came from the Encyclopedia Britannica?

Yours faithfully,
J.A.

Simmons Seeks Support In Bid for Re-election

Woodrow Simmons, candidate for re-election as sheriff of Jones County, has issued the following formal statement in behalf of his candidacy.

"I would like to take this opportunity to solicit each citizen's support and vote in the May 1 primary for re-election to the office of sheriff of Jones County. As we have had an above normal amount of court in addition to our normal business, I have not been able to personally contact each of you.

"I have been a law enforcement officer for 16 years, four years as a patrolman, four years as Chief of Police of Anson, and eight years as your sheriff. We have a fully certified department of officers, except for one who will be certified before the end of this year. We have one of the very few certified lady deputies in our area.

"According to the records of the West Central Council of Governments, which covers a 19-county area surrounding Abilene, our department has a clearance rate of 77.6 percent of reported offenses. This is second in the 19-county area. We have been

able to do this by diligent investigations, help from our neighboring officers and state police, and the citizens of Jones County. We appreciate the good relations with our neighboring officers as we must assist each other.

"The records will show the increase in cases filed now over previous years. As a member of the board of C. O. G. I have been able to get grant money to update the Sheriff's Department with new radios, a teletype and crime scene search kits and photography equipment at no cost to the local taxpayers.

"We have trained and certified reserve city policemen and sheriff's deputies to help in emergencies at no cost to taxpayers.

"We have recently instituted Project Alert with the C. B. radio users to help us in our work. We now have 273 signed up members in this project. We will institute other programs in the near future with the citizens to help protect lives and property.

"If re-elected, I will continue to give 24-hour service, seven days a week to the citizens of Jones County."

Use your Room Air-Conditioner Wisely...

AND SAVE

REDDY'S HELPFUL TIPS

- ★ Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.
- ★ Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.
- ★ Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

BUTTON GWINNETT
One of 3 signers of the Declaration of Independence from Georgia. As Governor of Georgia, he assumed command of the Georgia militia and led an ill-fated expedition against the British forces. When criticized by one of his officers, General McIntosh, he challenged him to a duel. Early in the morning of May 16, 1777, both men and their seconds met in a pasture. They fired pistols simultaneously and both men were hit. Gwinnett died of his wounds two weeks later, at the age of 42.

Summer will soon be officially here and what better way to welcome it than with an easy to make and bake...

SUMMER SUNSHINE CAKE

- 1 pkg. Parade Lemon Layer Cake Mix
- 1 3 oz. package lemon gelatin
- 1 cup boiling water
- ¾ cup Parade Cooking Oil

- 1 cup powdered sugar
- 2 tbsp. lemon juice
- 1 tsp. grated lemon rind
